New Record Set As Deer Season Opens In District

As predicted, the opening of the deer hunting season in this district Saturday saw more hunters and more deer killed than in recent years.

Henry Toccalini of the U. S. Forest Service reported a total of 275 tags validated for the first two days, as compared with a total of 268 for the opening weekend last year when a record was established.

The largest deer, an 8-pointer, was brought in by Sterling Basler of Sacramento who killed the buck in the Juniper Creek area. All the deer were reported in good condition.

Toccalini said there were 11 camp fire violations reported.

Game Warden Charles Spillner said a number of citations were issued by the five wardens working the district during the opening day of the season. Five were for having loaded guns in cars, two were for possessing untagged deer and one doe case is pending.

Rotarians At Lake Sponsor Golf Meet

KINGS BEACH — North Lake Tahoe Rotarians will be hosts Sunday, October 1, at the third annual North Tahoe Rotary Golf Tournament on the fairways and greens of the Brockway golf course. All golfers are invited to this 18 hole event which will start at 8 a. m. and conclude with an award dinner in the dining room of the Crystal Bay Club.

According to Ray Plunkett, chairman of the event, there are to be flights for the better wielders of the mashie, as well as those for players whose game could stand improvement. Ladies are most welcome and many of the prizes offered are especially attractive to the fair sex. Trophies have been established for the best ball, low gross, and low net. Two handicapping systems will be used during the play.

Pete Bennett, president and owner of the golf course, has made this tournament possible each year. Bennett is a member of an Arizona Rotary Club and attends weekly meetings of the North Tahoe Rotary Club during the summer.

Plunkett also reminded those who wished to play to bring along the non-golfers as they could attend the fellowship hour and award dinner for one-half price.

OFFICER NABS THIEF LOOTING HIS AUTO

It isn't often that an officer has an opportunity to capture a thief looting his car but that was the experience of State Patrolman Carroll Maynard Friday night at Reno.

Maynard and his wife were attending a square dance and the officer had left his off-duty revolver in the car. When the two came out to return home, Maynard spotted the glow of a cigarette in the rear seat.

Realizing that he had left the weapon in the car, the officer slipped quietly up to the vehicle and grabbed the culprit before he knew anyone was about. Maynard said he was going over items taken from the glove compartment and had the weapon under one hand.

Maynard marched the suspect unceremoniously into the dance pavilion from where he called the police to take the clouter into custody.

BOB MAUGHAN BACK FROM MARINE CAMP

SODA SPRINGS—Bob Maughan, who manages Hoyfjellet Lodge for his parents, has just returned from Fort Benning, Georgia. He is in the First Air Delivery Co., U. S. Marines Corp Reserve of San Jose. He was with a group of 28 marines who volunteered for the armies airborne training. This group has the privilege of being the first marine corps reserves ever to go through the parachute jump training. This three week course is known as one of the hardest schools the army has to offer.

POTLUCK SUPPER TO FEATURE O.E.S. MEET

Truckee Chapter No. 116, O.E.S. will meet Tuesday night, October 3 when a potluck supper at 6:30 will precede the stated meeting at 8 o'clock. Virginia Doyle, worthy matron, and Paul Doyle, worthy patron, will preside.

Election of officers will be the principal business.

Anita Allison, past matron, will be in charge of the potluck, assisted by her committee.

IN JAIL

Louis Ramirez, 25, Truckee, was sentenced to serve 77 days in the county jail or pay a $385 fine when he appeared before Judge F. W. Wilson on a drunk driving charge. He was arrested by Deputies Preston Patnoude and Leo Zander.

Emerald Bay Road Hearing Is Set For South Lake Friday

State division of highways officials offered a reminder of the public meeting Friday at Stateline to discuss the future location of an expressway on SSR 89 in El Dorado County in the vicinity of Emerald Bay in the south Lake Tahoe area.

The session will start at 10 a. m. in the Lakeside Theater about one-quarter mile west of the Nevada state line.

Assistant State Highway Engineer J. A. Legarra of Sacramento will conduct the meeting. District Engineer Alan S. Hart and staff officials from the district office in Marysville will present the engineering and economic considerations involved in the two alternative routings to be presented.

Hart urged that all interested individuals and groups attend the

Local Shortcut Is Opened To Travel

A spokesman for the George E. Miller Construction Co., Inc. of Reno has announced that the Truckee shortcut will be open to controlled traffic through the construction zone today.

During working hours, a pilot car will lead one-way traffic back and forth through the area. At other times, two-way traffic will be permitted.

Completion of the job is anticipated sometime next month.

NONE TO YOUNG TO AVOID CAR MISHAPS

Apparently none is too young to avoid automobile accidents.

Little Debra Lynn Kirk, four year old daughter of Mr. and Mrs. J. B. Kirk of Riverside Drive proved this at 3 o'clock Sunday afternoon when she accidentally drove her father's truck into a fence and the home of Mr. and Mrs. Nick Sassarni.

Kirk, who was loading household articles into the vehicle prior to leaving for the east, had gone into the house when Debra Lynn climbed into the cab and stepped on the starter. The vehicle had been left in gear and started forward.

Only minor property damage was caused and no one was hurt. Patrolman Jay Riggs was called to investigate.

LIQUOR STORE HERE LOOTED BY THIEF

Officers this morning were momentarily expecting an arrest of the burglar who early today broke into the Tourist Liquor Store and made off with a yet undetermined sum of cash, a rifle and other items. A suspect was being questioned.

At 2 a. m. this morning Steven Wagner, operator at the depot saw a man run from the store carrying a rifle. He notified Deputies Sheriff Roy Waters, Leo Zander and Emory Lander and road blocks were setup but it became apparent the culprit did not leave town. Constable N. F. Dolley is aiding the investigation

MISSION ANNOUNCED BY CATHOLIC PARISH

The Assumption Catholic Parish announces that a mission will be held in the local churches starting Sunday, October 1 in Truckee. The mission will be directed by Father Edward Viti, C. P. of the Passionist Retreat House of Sacramento, Father James Mulligan announced.

The mission will continue for three weeks, with the first week in Truckee, the second in Kings Beach at Our Lady of the Lake Church and the third week at Corpus Christi Church at Tahoe City.

TOYS NEEDED

Wheel toys are needed by the Truckee Parent Cooperative Nursery School for the children to use on the playground. If anyone wishes to donate a tricycle or pedal car, please call Mrs. Paula Quist at LU 7-3686 or Mrs. Donna Souter, LU 7-3528.

LAST RITES

Funeral services were held Monday at Sacramento for Mrs. Daisy K. Milner, sister of Mrs. Mabel O'Hara of Truckee. The deceased was the wife of William Milner of Sacramento and was a native of Nebraska.

Higgins Is Named New Postmaster For Local Office

After serving as acting postmaster since January 6, Richard Higgins last week received notice that his nomination by Representative Harold T. Johnson was confirmed by the senate and that he had been appointed to the post of postmaster.

Higgins, a resident of Truckee for the past five years, came here to work with the Denney Logging Company. He was promoted to yard foreman prior to his resignation to accept a position as clerk in charge of the local post office on June 24, 1960.

He succeeded Mrs. Elizabeth C. Bavier, who had been Truckee postmaster for 25 years but whose injuries in an automobile accident several months ago forced her retirement. She is currently residing in the east.

Higgins is married and has two children. He has been active in civic affairs, including the PTA and chamber of commerce.

Notices of his appointment came from both Johnson and Senator Thomas Kuchel.

Few Changes For Angling Season

Department of fish and game recommendations for 1962 angling regulations, submitted to the California Fish and Game Commission contain no major changes from the 1961 rules.

Several changes were recommended for Lake Tahoe and Topaz Lake to conform with the Nevada angling regulations. On these lakes the department would liberalize gear restrictions and permit use of liver and meat as trout bait. Whitefish would be included in the trout limit.

In Lakes Tahoe and Topaz, not more than rod and line with not more than three single or multiple hooks; or not more than two plugs or similar lures, irrespective of the number of hooks or attractor blades attached thereto, may be used by any one person.

DAMAGE TO WATER TANK FROM BULLETS

Thoughtless youths are apparently using the Truckee Public Utility District's steel water tank above Gateway Park as a rifle target, Manager Francis Longo reports.

This is a dangerous practice and might easily cause trouble if a bullet penetrates the tank, Longo pointed out. The water supply would be needed in case of fire and even domestic use might be limited if the tank is punctured.

Parents are urged to contact their children and warn them of the danger.

FALLOUT READING ON DONNER IS HIGH

A report from Berkeley says that radiological fallout at Donner Summit Sunday was 62.3 micromicrocuries per cubic meter of air, the highest recording made in California since the Soviet resumption of nuclear testing.

The Donner reading was 17.8 Monday. The Sunday reading had risen from 7.9 on Saturday.

The state health department said a level of around 1000 micromicrocuries would have to be reached before there is any reason for concern.

LAUNCHING FACILITY AT TAHOE STARTED

TAHOE CITY — The Wildlife Conservation Board has begun construction of a lakeside small boat launching facility adjoining the coast guard station now being built two miles east of here.

The start of the project was announced last week by C. M. Hart, and official of the conservation board which is an agency of the Califorina Department of Fish and Game.

San Diego Visitors—

Hunters visiting the Robert Leamon home this week were Jim Bebee, Al Pierce and Stan Neighbors all of the San Diego vicinity.

Roses From Arcata—

Mr. and Mrs. Dave Rose of Arcata were here last week on business coming from San Francisco and Nevada City.

School Expansion Plans Discussed In Meet Of Officials

A review of the current conditions in the schools of the Tahoe Truckee Unified District and a survey of what might be accomplished to keep pace with the growth of the region featured the meeting of the school board with other officials Tuesday night.

While nothing of a definite nature was done, the group discussed the possibilities of building more schools or increasing the capacity of those existing. A study of pupil population and the needs in the various communities will occupy further meetings until a definite program of expansions can be worked out.

The possibility of bonding the district was discussed but without any decision being made. It was learned that the district has a capacity for bonding $1,500,000, but whether this will be required depends upon future studies, Superintendent John Corbin declared.

Attending the meeting beside the full board were Al Bequette, Placer County superintendent of schools, his assistant, Carl Thompson; Gordon Stafford, Sacramento, the school architect; William Roberts, Nevada County planning director; Proctor Hug, superintendent of Washoe County schools and Neil Scott, director of planning for Washoe schools.

$10 MILLION HOTEL FOR CAL-NEVA MAY BE BUILT FOR 1962

CRYSTAL BAY—A Hollywood press dispatch says nearly $10,000,000 will be spent by owners Frank Sinatra, Dean Martin and Hank Sanicola to build a new hotel and refurbish their plush Cal-Neva Lodge at Crystal Bay.

Sanicola, agent of Sinatra, said the lodge would become one of the gambling palaces of the west and schedule top-flight entertainment.

Included in the plans, which have not been completed, is the hotel, expansion of the casino and a new dining room overlooking Lake Tahoe. The Sinatra group is scheduled to meet with the architect next week to finalize plans.

If schedules permit, both Sinatra and Martin will entertain at the hotel next year.

FACULTY IS HONORED AT LAKE PTA MEET

TAHOE CITY — The faculty of the Tahoe Lake School was honored by the Tahoe Lake PTA at the first meeting of the season held last Wednesday night at the Tahoe Lake School. All the faculty were presented with corsages and lapel flowers by President Raleigh Hawk and Secretary Michener. Also introduced at the meeting were members of the executive board.

The principal topics of discussion were the childrens' Halloween parties, ways and means projects and the starting of a monthly PTA news bulletin.

Winner of the evening's "Box 'O Groceries" was Mrs. Dorothy Hepner. The fourth grade of Mrs. Lillian Farr received the cash award for the class having the most parents in attendance.

BANK OFFICIALS AT SACRAMENTO MEET

Local Bank of America officers will attend a dinner meeting of the bank's Sacramento Signing Officers Association in Sacramento tonight.

Principal speaker at the dinner, to be held at the Sacramenta Inn, will be Senior Vice President Roland T. Duncan, in charge of the bank's business relationships department at the head office in San Francisco.

The organization meets several times a year to discuss trends and developments in banking. Members represent branches in Sacramento, Nevada, Placer and Yolo Counties.

HELD AS DRUNK

Patrick G. McGary, 61, of Astoria, Washington, was sentenced to 10 days in jail when he appeared before Judge F. W. Wilson this week on a drunk charge. He was arrested by Deputy Leo Zander.

Happy Days—

September birth dates were observed by Mrs. Elden Tonini on the 12th and her sister, Mary Zunino's natal date occurred yesterday.

Loyalton To Meet Wolverines Here In Saturday Game

The Tahoe Truckee Wolverines will make every effort to break into the win column Saturday at 2 p. m. when they meet the Loyalton team on the Truckee field.

The game with Quincy Friday night resulted in an 8 to 0 victory for Quincy. A 25-yard run by Thomas in the second quarter followed by a safety when the Wolverine center overshot his receiver on a punt attempt and Quincy downed the ball in the end zone.

The JV's tied with Quincy 6 to 6 in a thrilling contest prior to the varsity game.

A surprising number of local rooters attended the game.

Coach Ken Holback announced a few changes will be made in the game Saturday and that Joe Sheehan will be back in the lineup following his recovery from a recent auto accident.

Highway Robbery Report Is Probed

William Robert Higgins, 20, a Marysville service station attendant, told Deputy Preston Patnoude Saturday that he was robbed by two men while they were riding toward Reno.

He told the officer that one of the suspects was Norman Carter, 23, but he could not identify the other. He said he had just been paid and had won some money playing poker when he met the two men in a bar and they set out for Reno.

When they arrived at a point five miles east of Truckee, Higgins said, he told the men he did not want to go further. They stopped the car, he told the officer, and they "slapped him around" with one man holding a knife at his throat.

Then, he said, they got into the car and went on east taking his money which he had left in a shirt pocket in the rear seat of the car.

DRIVER IS CITED FOR SUMMIT HIT AND RUN

Louis L. Montes, 23, Oakland was cited for hit and run and reckless driving following a minor accident near Norden Saturday morning.

Montes car struck one driven by Robert Brady, 23, Mountain Home, Idaho and did not stop. Slightly injured in the mishap, according to Patrolman Carroll Maynard, were Brady's sister, Edith Bailey of Mountain Home and his daughter, Penny, 3 months.

Montes, according to the report, went on to Reno where he was married and was cited on the return trip through information provided by witnesses.

TWO SMALL FIRES IN DISTRICT ARE OUT

There were two calls made by the suppression crews of the forest service on the opening day of the hunting season, but ironically enough neither blaze was the result of hunter carelessness.

One small fire was reported on Pole Creek, near Big Chief when a sheepherder's fire started to spread, but was quickly extinguished.

The second was reported just north of Donner Lake where a welder's torch apparently started a small blaze but no damage was done.

ROBERT FERRARI IS GIVEN PROMOTION

VICENZA, Italy (AHTNC) — Robert G. Ferrari, 24, son of Mr. and Mrs. Ben Ferrari, Kings Beach, recently was promoted to first lieutenant in Italy where he is a member of the 62nd Engineer Company.

Lieutenant Ferrari, a platoon leader in the company in Vicenza, entered the army in February, 1960 and arrived overseas the following September. He was last stationed at Fort Benning, Ga.

DeMOLAY CAR WASH SLATED ON SUNDAY

Tahoe Truckee Chapter of the DeMolay will sponsor a car wash at Gautsche's Gateway Chevron Station Sunday beginning at 11 a. m., Barry Leamon, head of the organization announced. A charge of $1.50 per car will be made.

Four Hunters Shot As Deer Season Is Underway In Area

Four hunters were treated at the Tahoe Forest Hospital during the weekend for gunshot wounds —all in the right leg and one serious. Three were self inflicted by accident.

Allan Whitney Mudge, 15, Knights Landing, shot himself in the right leg Friday when he attempted a "fast draw" with a .22 calibre revolver in a camp near Boca.

Dallas Dale Doan, 26, Citrus Heights, was cleaning a .22 calibre pistol in his camp near Boca when the gun went off sending the bullet into his right leg just below the knee.

Neil E. White, 22, Sacramento, accidentally shot himself in the right leg when the hammer of his .22 calibre revolver caught in brush while he was hunting near Rubicon Springs.

Foster E. Blodt, 15, Hayward was accidentally shot in the right leg by Dallas Owen Magas, also 15, of Hayward as the latter was unloading a rifle near Fordyce Lake.

CIVILIAN PLANES TO BE GROUNDED OCT. 14

The Truckee Tahoe Airport District was reminded this week by federal aviation agency administrator, N. E. Halaby, that all nonmilitary planes throughout the United States and Canada will be grounded on Saturday, October 14, between the hours of 9 a. m. and 9 p. m. Pacific Standard Time.

Halaby said that complete clearing of the airspace over the North American continent north of Mexico, and over adjacent waters, would assure air safety, and permit the North American Air Defense Command to carry out the nation's combat readiness exercises with a maximum effectiveness. Participating in this year's exercises will be United States and Canadian military aircraft and a small number of British bombers.

STOLEN CAR FOUND IN LOCAL DRIVEWAY

A 1954 Ford pickup, registered to Mrs. Ruth Drury of Goodyear Bar reported stolen, was recovered Tuesday night in the driveway of the home of Dr. and Mrs. Robert Affeldt where it had been abaned.

Officer William Gautsche, who investigated, found a dead doe in the body of the pickup and a smashed light on the vehicle, indicating that the thief struck the deer on the highway and decided to keep it.

A boy is missing from the CYA camp at Washington and officers are investigating to determine if he stole the vehicle.

HEART ATTACK IS FATAL TO DRIVER

An autopsy into the death of Harley LeRoy Justus, 59, Oakland, revealed that he succumbed to a heart attack before his car left the highway near Airport Road, three miles east of Truckee and crashed into a tree Friday morning.

Witnesses said the car was traveling at a normal rate of speed when it swerved up the embankment and wrecked, the California Highway Patrol reported.

The body was taken to the Truckee Colonial Mortuary and sent to Oakland where funeral services were held.

TAHOE WOMEN WILL HOLD MEET OCT. 5TH

TAHOE CITY—Tahoe Women's Club will have a potluck luncheon October 5 at 12:30 in the Tahoe Marina Lodge, Tahoe City, near the new fire house building. No reservations are necessary. Contact Mrs. Ernie LePire, JU 3-3249 concerning food contribution.

A hobby show will be held early in November, time, place and date will be announced later.

Boxes have been placed in all the stores for clean used clothes. These clothes are distributed by the Reno Veterans Hospital.

SUSPENDED SENTENCE

A ten-day suspended sentence was meted out to David Hyman Hall, 37, who was arrested on a charge of being drunk at the Southern Pacific depot Saturday. He was arrested by Deputy Preston Patnoude after he had locked himself in the men's rest room of the station.

Board Sets Time For Hearing For Recreation Area

The Nevada County Board of Supervisors last week set October 18 at 2 p. m. as the date for the public hearing on the petition to establish a recreational and park district embracing all of the fifth supervisorial district.

Oral and written protests by any person interested in the formation of the proposed district will be considered at the hearing and written requests for exclusion of land in the proposed district will be considered.

The move to form the recreation district was inaugurated and sponsored by the Truckee Donner Chamber of Commerce, primarily for the purpose of acquiring the beach property at the west end of Donner Lake to assure a public beach on the lake shore.

It has also been suggested by the committee in charge, headed by Chamber Manager N. F. Dolley that the district provide additional camp sites, an athletic field and other needed facilities for recreation purposes in the area both here and in other areas of the district.

Following the public hearing on October 18, the supervisors are expected to call an election to determine if the district shall be formed.

No opposition has been voiced against the formation as it is generally agreed that such a move is necessary if the area is to conserve and promote its greatest asset—the recreation program.

Helicopter Holds Fire To Minimum

Credit for preventing a major forest fire on the Webber Lake road, 13 miles north of Truckee in the Sierraville district has been given the helicopter crew from Truckee.

The fire, starting from as yet undetermined cause, spread over five acres of brush and timber in the thickly wooded area before crews from Sierraville and Truckee controlled it Monday afternoon.

The local helicopter, with Foreman Emery McCarroll reached the scene far ahead of the other crews and held the flames in check until assistance arrived.

Another minor fire was caught without damage just north of the railroad underpass just west of Truckee Monday evening. This potentially dangerous blaze was believed to have started from a spark from a train brake shoe.

SIX BABIES ARRIVE AT LOCAL HOSPITAL

Six babies, including one set of twins, were born at the Tahoe Forest Hospital during the past week.

The twins, Karl Clayton and Clark Douglas, seven pounds, 6¾ ounces and seven pounds, 13¼ ounces respectively, arrived September 22 for Mr. and Mrs. Douglas C. Ingram of Crystal Bay.

Pamela Sue Stewart, six pounds, two ounces, was born September 21 to Mr. and Mrs. William H. Stewart of Donner Lake.

On September 23, Byron Patrick Bonino, six pounds, was born to Mr. and Mrs. Angelo J. Bonino of Tahoe City.

Mr. and Mrs. Lee H. Johnson of Tahoe City welcomed Suzette Lee Johnson, seven pounds, 10 ounces on September 24.

Hans Michael, eight pounds, arrived September 24 to gladen the home of Mr. and Mrs. Johan G. Van Rooy of Squaw Valley.

CAR PARKED ON ROAD DESTROYED BY FIRE

Officers are still investigating the cause of a fire which destroyed a vehicle parked along the freeway two miles west of Floriston Sunday night at 9:19 o'clock.

Mrs. Annie Taylor of Fallon, employed at Squaw Valley, said she left the car after developing engine trouble. When she went for it the following morning it had been burned and towed into Thornton's Garage.

The forest service was called to extinguish the blaze which apparently started in the driving compartment.

RENO GOLFER GETS RECORD ON COURSE

Ed McNeill, a Reno tailor and member of the Shadow Valley Country Club here, set a course record Sunday when he scored a two on the second hole at the local golf course.

This, in the opinion of Orf DeLuca, the local pro, is about equal to a hole in one, since the par for the second hole is four. McNeill was playing with J. Castleton, also of Reno and finished the 18 holes with a smashing 69.

To Oregon—

Dr .and Mrs. Ben King returned from a weekend at Klamath Falls, Oregon. The birth date of Mrs. King was observed September 19.

DONNER DOINGS

By VIRGINIA O'BEAR

If this beautiful weather continues for another two or three weeks, I think most of us will then settle down and feel as though we have enjoyed a part of summer. My favorite month is nearly over but I like October too. The beautiful trees on the way to Tinkers Knob and up Cold Creek will be turning golden yellow so any of you planning a day in that area should take a camera with plenty of color film.

According to the newspapers, the largest deer taken on opening day was by Wendell Carlton of Sacramento. Carlton found his prize trophy in the timber and brush land north of Truckee. The big buck weighed in at 185 pounds. I still hope that some of our local men are lucky this year but for the life of me, I don't see how anyone could look at one of those pretty deer with the sad eyes and shoot it.

Nearly a 100 people enjoyed the luau at Donner Lake Lodge last Thursday evening. Everyone was dressed in typical Hawaiian clothes for the occasion. Bringing a touch of the islands was an interesting program about an exchange student, portrayed by Diane Pankoke. The show was capably announced by David Pankoke. The "Medley of Hula's" greeted the student after her "Nola" tap number. The medley girls were Linda Russell, Karel Sauby, Sandra Davis, Eileen Olson, Dawn Maynard and Jennifer O'Bear. Pam and Donna Horman danced to the tune of "Little Brown Gal," Debbie Harris and her doll were sweet in the "Sleep Little Baby" number. The Tapia twins made you think you were seeing double as they danced "The Song of Old Hawaii," timing and steps just perfect. Jennifer O'Bear danced to "Lovely Hula Hands" and then when Diane danced "Hukilau" and finished the show with "Cockeyed Mayor of Kwanikuki," the children screamed and applauded for all of the little dancers. For those of you in the back who didn't hear because of the chatter, you don't know what you missed. After the show was over, many more people joined the dancing until the wee hours, that is after the children were taken home and put to bed. The Auxiliary of the Donner Lake Volunteer Fire Department express their thanks to you for making our first luau a success.

Mr. and Mrs. M. Pinkham spent a few days at their home at Donner Lake last week. "Pinky" was busy leveling off the beach as the water is down so low now that he could do a lot of work for improvement. The Pinkhams live in Eureka and have a place of business there. I finally got to meet Helen, I'd heard so many nice things about her from Martha Pankoke that I was anxious to meet her. The only thing though, just when we started to work on the fruit for the luau, Helen took off, (not that I blame her). Martha's sister, Laurene Barnstable, feeling sorry for the two of us and all of that fruit . . . pitched in and helped.

I thought just us women could make fancy stitches but after last Friday, I'll have to admit, men can, too. Dr. Brodie took quite a few in my thumb when I had a mishap with a razor blade and nearly lost the end of it. One of those freak accidents but you can just bet from now on I'll be more careful. You never realize how important your right thumb is until you can't use it. Did you ever try to type without your thumb? 'Taint easy.

Mrs. Barney Campbell and daughter Kathy were Donner visitors over the weekend. Barney and Mr. Hardy share a home here at Donner as both are still working for the tate until Thanksgiving time. Eleanore and Kathy are at their home in Yuba City during the winter as Kathy goes to school there. Likewise, the Hardy children. Eleanore is a former auxiliary member and can well be remembered for her portrayal of one of the beauty shop quartet singers in "The Roaring Twenties Revue" several years ago. Eleanore asked about all of the members and said to tell all of you hello.

The next meeting for the Auxiliary of the Donner Lake Volunteer Fire Department will be held at the Church of the Mountains in Truckee. The ladies of the W.S.C.S. will prepare a delicious dinner and will be served at 7:30 p. m. in the basement. Hostesses for the month will be Elaine Lander and Kay Hubbard. The date is October 19. The next board meeting of officers will be October 16, place to be announced later, these meetings open to any member, also.

COOLIDGE WILL ASK FOR CONGRESS SEAT

SACRAMENTO—(CNS) — Glenn E. Coolidge, assemblyman from Santa Cruz County since 1952, announced he will seek the congressional seat of the new 12th District, formed by reapportionment of the state by the 1961 legislature.

The district comprises Santa Cruz, San Benito, Monterey and San Luis Obispo Counties.

Coolidge, a strong vote-getter, already is forming bi-partisan committees throughout the new district in an effort to land the GOP nomination next June.

The congressional candidate has had an outstanding record in the assembly over the past ten years. He was former chairman of the ways and means committee, revenue and taxation, public health, fish and game, governmental reorganization and assessment practices.

UDALL TO VISIT LAKE AREA NEXT MONTH

WASHINGTON — Secretary of the Interior Stewart L. Udall will visit Lake Tahoe October 15, Sen. Alan Bible, Nevada, and Rep. Harold T. Johnson, California announced.

Udall, they said, will be in California October 14 for the dedication of Trinity Dam of the Central Valley Project, and will spend one day inspecting shorelines at Lake Tahoe.

Bible, who arranged the visit, is sponsor of a bill to authorize a study by the national park service of public recreation possibilities of shorelines of Lake Tahoe.

Going hunting?..
IF YOU ARE GOING TO TAKE TO THE FIELDS HERE'S SOME GOOD VISION TIPS TO REMEMBER

DON'T SHOOT AT ANYTHING YOU CAN'T SEE CLEARLY
There are over 3500 casualties each year plus loss of millions in livestock as a result of careless hunters. Think before you pull the trigger!

WEAR GARMENTS THAT DO NOT BLEND-IN WITH FOLIAGE
Tests in Massachusetts last year showed that fluorescent blaze-orange is safest. Earlier California tests found golden yellow is safest. Red is NOT safe because color blind hunters mistake it for green.

HUNT WITHIN YOUR VISUAL LIMITS
If you cannot see well at dusk, end your hunting day earlier. If you can't line up your sights on the target, a telescopic sight will help. If you have glasses . . . WEAR THEM!

HAVE YOUR VISION EXAMINED BEFORE GOING INTO THE FIELD
A hunter must be able to distinguish fine detail, recognize colors and hues, see movement on the sides. Most people who have faulty vision do not realize it themselves.

SHOOT WITH YOUR EYES . . . not your imagination!

FISH PLANTING AT TAHOE CONTINUES

TAHOE CITY—During the fall months the joint California-Nevada Lake Tahoe Fisheries Study will complete its 1961 series of experimental plants of trout. Starting in mid-September and continuing almost through October, the California Department of Fish and Game will stock a total of 100,000 Kamloops trout and 100,000 Lahontan cutthroat trout.

Another summer plant of rainbow was made by the Lake Tahoe Fisheries, Inc., a private organization seeking to restore interest in fishing at Tahoe. These organizations plus the South Tahoe Rod and Gun Club and the Lake Tahoe Area Council are cooperating in an active, long-term program to restore good fishing to Lake Tahoe. Fish planting is just one segment of this work which includes fisheries research, to uncover and test other methods of improving fishing, and a stream rehabilitation program of debris clearance and bank erosion control.

The Kamloops and cutthroat to be planted this fall will be given distinctive fin markings to permit detection by creel census clerks of Nevada and California. The 200,000 fish are from wild stock—the Kamloops from British Columbia and the cutthroat from Heenan Lake in Alpine County. They will be divided in to three equal groups, one planted along the shore at the south end, and the third group will be planted in open water several miles east of Homewood. This latter group will be barged to the planting site.

All fish are being reared at Moccasin Creek Fish Hatchery near Sonora. The Kamloops are somewhat larger than the cutthroat averaging from eight to 10 inches with the cutthroat ranging from six to eight inches in length. The Lahontan cutthroat is the species that once flourished in Tahoe while the Kamloops, originally found only in Canada and a subspecies of the rainbow trout, has been widely introduced in the west and is best known for its fighting quality and large size.

The purpose of these and all other experimental trout plants made by the Lake Tahoe Fisheries Study is to find a species of trout that grows in Tahoe and returns to the angler as a large, high quality sport fish. Put-and-take fishing is not one of the objectives and all sportsmen are encouraged not to fish for these trout until next year when they may be expected to have attained a much more desirable size.

IMPROVEMENTS FOR SQUAW ARE PLANNED

TAHOE CITY — A proposal to improve and broaden services in Squaw Valley State Park was presented to the Placer County Planning Commission by the state division of beaches and parks.

The division said the main points would include more parking space, removal of some buildings and more multiple living facilities in the Olympic Hotel area.

The proposal was made at a hearing last week at which the commission recommended a seven square mile Lake Tahoe area be zoned precisely, primarily for single family use.

Planning Director Stewart Bryant said the area ranges from Homewood to Chambers Lodge. The commission stated the existing multiple family and commercially zoned property will not be affected if the area known as District No. 7 is zoned precisely.

Bryant said the suggested zoning of the district ties in with other precisely zoned areas on the west shore of the lake.

Commissioner Roy Mikkelsen, a former Olympic skier, proposed a 10 to 30 meter ski jump be constructed in the state park for the training of American skiers.

In other action the commission served notice on Herbert Obexer of Homewood, Lake Tahoe, to remove a boat launching facility. A commission spokesman stated the facility was constructed without a building permit and is on a public right of way.

DIRECTORS NAMED AT CHAMBER MEET

CRYSTAL BAY — Principal speaker at the meeting of the Lake Tahoe Sierra Chamber of Commerce at Crystal Bay Club Friday was Lloyd Stitt, official of the Sonuthern Pacific Company.

President Selby Calkins gave a report on the activities of the organization and six directors were elected. They include Edward Stollery, owner of Town and Country Lodge, Tahoe City; Mrs. Wayne Poulsen, Squaw Valley; W. E. Keller, manager of the Bank of America at Tahoe City and Truckee; Jimmie Kornstien, owner of a men's clothing store at Tahoe City; William Ellison, Edgelake Motel owner and Robert Fugazi, Tahoe judicial district judge.

BRYANT IS OUT AS PLANNING DIRECTOR

AUBURN—County Planning Director Stewart Bryant has been discharged by the Placer County Board of Supervisors on charges of misconduct in office. At the same time they discharged Alex Bigler, Bryant's assistant and Marion Liebenguth, a clerk in the planning department.

The supervisors charged Bryant had cashed checks for his own use for maps purchased from the department and said he had been using petty cash funds without the board's authority.

The board did not elaborate in the reasons for discharging Bigler and Marion Liebenguth, stating only that their conduct in office was below the standard the board felt was proper for county workers.

COMMISSION REJECTS TAHOE SEWER PLAN

SACRAMENTO—The California half of the California-Nevada Interstate Compact Commission unanimously rejected a department of interior recommendation which, in effect, would have allowed sewage dumping at Lake Tahoe.

The commission thus reaffirmed earlier vows by the joint California-Nevada group to maintain Lake Tahoe's high water quality.

The department of interior had recommended "liberalization" of the water quality to allow some controlled sewage dumping.

The California group also discussed the possibility of a geological survey to determine ground water supply in the Carson Valley.

The two-state commission was set up five years ago to work out a water agreement for the Lake Tahoe area.

COUNCIL CONTINUING LAKE SEWAGE STUDY

AL TAHOE — The Lake Tahoe Council will continue its investigation of reported sewage effluent overflows into the waters of Lake Tahoe, despite assuarnces of representatives of the state health department that no health hazards were created recently following an emergency release of 2,000,000 gallons of treated effluent from holding ponds of the South Tahoe Public Utility District.

An earlier report that a portion of the overflow had found its way into the lake via Heavenly Valley and Trout Creek had been greeted with concern by the council, long interested in pollution control at the lake and sponsor of a recently initiated sewage engineering study in cooperation with the Max C. Fleischmann Foundation of Nevada.

NEW TRAFFIC LAWS IN STATE ARE NOW BEING ENFORCED

The speed limit for passenger vehicles pulling trailers has been raised to 50 miles per hour. A driver who is convicted a second or subsequent time for operating a vehicle while his license is revoked, suspended or has been refused will receive a mandatory jail sentence. No open container of an alcoholic beverage may be carried in a vehicle.

These and a host of other changes in California's Vehicle Code went into effect Friday, September 1, California Highway Patrol Commissioner Bradford M. Crittenden said.

"Of particular interest to thousands of drivers is the provision raising from 45 to 50 miles per hour the maximum speed limit for passenger vehicles and commercial vehicles weighing less than 4,000 pounds while pulling trailers.

"The 'open bottle' laws now make it a misdemeanor to drink alcoholic beverages in a vehicle, or to possess or store an open alcoholic beverage container in a vehicle."

Other code changes which affect the motoring public include:

A provision prohibiting the placement of any material, including such products as spray-on tints, upon the windshield or in a position to reduce the driver's view through the windshield.

A provision restricting issuance of commercial plates to station wagons unless such vehicles are used or maintained primarily for transportation of property.

A provision that snow tread tires may be used on the two drive wheels of a vehicle rather than all four wheels. Retained in the law is a provision that snow-tread tires are permitted in lieu of tire chains only where signs are posted by the division of highways.

A provision which prohibits U-turns at intersections where traffic flow is controlled by a green arrow unless a sign specifically permits a U-turn.

Two other amendments to laws governing U-turns also became effective last Friday. One permits a U-turn on a divided highway in a business district if an opening has been provided in the divider section; a second permits a U-turn across a solid double center line, if other provisions of the law are met.

Pedestrians also were affected by several changes, the commissioner said.

One amendment requires a pedestrian to yield the right of way to a motor vehicle anytime he is upon the highway in other than a crosswalk.

Another change requires pedestrians to obey the special 'walk—don't walk' signal (where installed) at intersections, rather than the green, amber or red bullseyes.

The definition of a motor driven cycle has been revised to include vehicles having less than 15 (formerly 5) horsepower.

LAKE LEVEL AT NEW MARK FOR SEASON

TAHOE CITY — The level of Lake Tahoe Monday had dropped to a new low of 6223.33 feet above sea level, Daryl K. DeWalt, cooperative observer, reported.

In the meantime, Claude Dukes, federal watermaster, said last week that all flow from the lake could cease October 10, plus or minus five days.

The temperature at Tahoe City, DeWalt reported, ranged from a cool 31 to a high of 61 degrees for the week.

... By BETHEL

Virginia Casella of Kings Beach was hostess to a baby shower for Genevieve Brocklesby of Tahoe Vista on Friday evening. Among those present were Nora Ferrari, Jeri Rayburn, Paula Gurney, Theresa Sutton, Janet Ellison, Esther Horstman, Pat Crow, Cris Hoffman, Lorraine Briscoe, Louise Antillion, Terri Baker, Helen Chanda, Anna Burkhart and the guest of honor and hostess.

Sharon Ann Brown and Bud Wheeler were married in a double ring ceremony on Wednesday, September 13, 9:30 p. m. at the Park Wedding Chapel in Reno.

The bride is the daughter of Mr. and Mrs. Frank Austin of Tahoe Vista and a graduate, 1960, of Tahoe Truckee High, and is a student at Sacramento City College.

The groom is the son of Albert Wheeler of Flint, Michigan, and is serving in the air force at McClellan field in Sacramento.

Reception was held at the home of the Austins on Thursday evening. Among those present were Mr. and Mrs. Larry Anderson, Uraine Beeman and son, John, Mr. and Mrs. John de Sylva, Mr. and Mrs. Ray Eckhardt, Miss Betty Proctor, Ross Price, Mr. and Mrs. Red Waddell and sister, Paulletta Brown and brothers, Donnie and Sandy Austin.

The young couple will reside in Sacramento.

Luncheon Friday at the North Shore Club Hotel to discuss plans for the Gay 90's costume ball on Saturday evening, were Women's Club president, Pearl Kientz, Jeri Rayburn, Mabel Coulter, Pearl Draney, Bern May, Bethel Van Tassel, Florence Murphy and Emmajean Hume. Meeting on Tuesday were Pearl Kientz, Pearl Draney, Emmajean Hume, Louise Walter, Florence Murphy and Bethel Van Tassel.

Vince and Pearl Kientz of Kings Beach were San Francisco visitors. While there attended the wedding at Treasure Island of Ruth and Ivan Kirkpatrick's son, Jerry, of Los Angeles, and reception at the officers club.

Signs of the Season: Thick frost on the morning of Friday the 22nd. Sam's Steak House — closed. Riviera Resort Clothes Shops—closed. "Gone fishing." Back Friday. Don and Bob. Sand Beach Coffee Shop—closed. George and Iris Alerio back to San Jose for the winter. Villa Vista Resort preparing to close and leave for the winter. Shutters out at Sky Blue Waters—so Roberts are planning a Petaluma sojourn. Well, fall house cleaning is finished at the Woods and the stove is polished—all we need is wood and we are ready for the winter. Let it snow.

Mae Z. and Noble Murray and Pearl Draney attended the VFW District meeting at Carson City on September 17. Pearl is president of the VFW Auxiliary, and banner bearer for the district. Mae Z. is guard for the district.

Get-well-soon. So sorry to hear of the accident Icey LaBorde of Kings Beach and parents, Mr. and Mrs. Marvin Price of Fullerton, had on Mt. Rose Thursday night. All hospitalized with broken bones and bruises.

John Rayburn, Bill Millege and Pat Doyle were hunters to Sage, Nevada, no report on the catch.

Sacramento visitors Thursday were Pearl Kientz, Ann Dolce, Dorothea Whittley, Kings Beach and Virginia Flagg of Tahoe Vista.

Congratulations—double to Doug and Doris Ingram of Incline Beach. Twin sons were born on September 22 at Tahoe Forest Hospital. Named Karl Clayton and Clark Douglas. Sister Shonna, 2 years old, awaits home-coming of brothers. Fire Chief Joe Fulton raced the stork as Fire Chief Ingram was hunting. Was he surprised.

Weekend house guests of Duff and Virginia Casella of Kings Beach were Mr. and Mrs. Vernon Gararden and Mr. and Mrs. Irving Ford of San Francisco. The Garardens and Fords are group coordinators of Nutri-Bio.

Happy birthday, Allan Newell, five years old on September 24. Celebrated at school where he is a kindergarten scholar with cupcakes for all.

Happy birthday, Alice Kellogg of Tahoe Vista and Tracy on September 8.

Happy birthday, LaZelle Marley of Tahoe Vista, September 17

Happy birthday, James Robert McFarlane of Yuba City and Tahoe Vista relative, on September 17.

Emblem Club held an open house with Virginia Casella as hostess on Monday evening. Lorraine Ducharme of Tahoe Vista had a class in flower arranging which was well received.

Noble Murray of Brockway is on a two weeks business trip to Washington, D. C.

Organziational meeting of the Toastmistress Club was held at the home of Marjorie da Costa at Tahoe Vista on Tuesday night. Present at the meeting were Fran Spalding, Helen Elliott, Pearl Kientz, Marguerite Ashton, Virginia Flagg, Nora Landell, Emmajean Hume, Theresa Harrington, Dr. Kathryn H. Buick's New Electra 225 For 1962

The clean, uncluttered styling of Buick for 1962 is exemplified in the Electra 225 series with its sporty new roofline and its tailored rear decklid with the windsplit down the center. The long, sweeping lines of the front and rear fenders make the car look bigger without increasing its size. The new roofline with its wide, sloping rear pillars identify the Electra 225 series, one of the most luxurious cars in the fine car field. Passenger comfort has been improved for 1962 by the almost complete elimination of the transmission hump in the floor of the front passenger compartment. The Electra 225 is powered by a 401 cubic inch V-8 engine with four-barrel carburetor, coupled with Buick's smooth Turbine Drive transmission.

THANKS

In giving thanks for prosperity, Indians once hailed our state flower

GOLDEN MOMENTS

In California history—an Indian legend has it that the golden poppy restored warmth and plenty to the land.

In California life—a modern symbol of prosperity is beer, the beverage of moderation. Over 7,200 Californians are now employed by the Brewing Industry. Many more earn income in industries closely identified with brewing—one more reason why beer means better living for all in the "Golden State."

"There's a sweet child. No cares. Just bounce the ball. How does it go? . . . Ah! 'One-Two-Three O'Leary . . . ' Don't miss, little one . . . and chase the ball into the street . . . where a car might . . . Please, don't miss!"

Drivers kill and cripple more children than any disease!

Vaccines fight polio . . . antibiotics fight pneumonia. But what have we got to fight the *worst* child destroyer—the *traffic accident?* Only a determination to stop careless drivers! So write your local enforcement officials and tell them:

"I Support Strict Law Enforcement!"

When your officials *know* you back them, they'll be able to fight dangerous driving like the vicious disease it is. The records show it: Where traffic laws are strictly enforced and obeyed *deaths go down!*

SUMMIT SCENE

By FRAN COUILLARD

Hi,

Says Mr. Barrett, "when are you going to start writing again?"

Says me, "right now."

There are a number of reasons why Summit Scene was discontinued for so long a period and the lamest one is "too busy." But "too busy" can become a phobia. Which reminds us of an old adage "if you want something done—give it to a busy person."

And (for you out of towners who write and ask, "when are you going to pound out Summit Scene again) we'll try to recapitulate—but we can't remember where we left off. So we'll start at the top and work to the bottom whilst our top (the 7,135 sign) still remains there.

We close our eyes and see the Ski Ranch — still being capably managed by Mr. and Mrs. Norman Sayler and smallish daughter Mitzi. Still think with its sky blue color that it must look beautiful from an astronaut's couch. And across the street (still old Highway Forty) smiles the Viking Quonset hut which reminds us of perennial Jack Samples the Viking member who frequents these parts in the summer as well as in the winter. And then down a few hundred feet we see the newly completed home of Demps Hensley. Within a year Demps and his fellow Southern Pacific working friends built Demps' domicile which we peeked into a few weeks ago and inspected from its concrete big basement—past the big brick fireplace, up the stairs to its big bedrooms and were definitely surprised. A beautiful home built on the top of a mountain and just the place for Demps' retired years. (And we can remember when this site was the site of Ma Vanderfords—the first ski house on this mountain).

And we open our eyes to travel eastward from the Summit—and through the dust (caused by blasts which mean a New Highway Forty) we look at the perky, "means business" entrance of the Magic Carpet that goes into the Sugar Bowl and are reminded that a new swimming pool has been built in the Bowl this past year—between Audubon groups. And that Vince Lyddane and Walt Sittre have been laboring in that beautiful hideaway all summer getting ready for the white gold season.

Then next we look at Lola and Kirby Schull's Kiski which lazes in the fall sunlight for Lola, Kirby and the boys—are running their offspring "Kiski Ann' down by the Old "Bug Station"—now a frontage road leading into Truckee, and e'en tho' a frontage road—the world still beats a path to the Schull's place whether it be the Senior Place on the Hill or the Junior Place by the Bug Station.

We dont' like the For Sale sign on the Ski Inn. After the activity there last winter (so much fun) and leaning our elbows on the bar that overlooked a scene incomparable, and listening to the teen agers in the Coke Lounge downstairs—and the rest of it—well, we just don't like any place to look so lonesome. And while last winter's activities at this place were going on Marion Allyn and Pat Jinks discovered each other and were married not too long ago.

And Lena and Herb Frederick —and Papa and Betty Board still hold forth at the Norden store. And tho' time has flown since I last wrote you a letter—L and H and P. B haven't changed a darned bit. (Which reminds us that at this writing Herb and Al West (formerly of the Snow Lab) and Brad Board — are somewhere elk snaring.

New homes spring up in the woods all round this fast growing mountain top. We'll have to admit that we don't know half of the people who are finding that the new highway is making our hitherto "snooty and aloof" community—a very accessible one to the metropolitan points. (And if you don't believe us try and find out how property values have raised in this country). And whilst we are speaking of new homes in the area—just a few minutes ago Gordon and Louise Hooley dropped in for a "hello" and told us that Bart Hooley (a great big boy now) is building one of those new homes in the forest. That's one we found out who the owner was anyway.

So we'll quit digressing and continue our journey down the

hill. Remember Bill and Rita Vail? Well, Bill and Rita are again residents of the Soda Springs area as Bill retired from the service and took over his Soda Springs service station. But we haven't lost Ralph and Goldie Rowton who ran the station for Bill so ably. Ralph and Goldie are now residing in Quincy—but they cannot forget where their roots were planted for so long, so they are practically mountain guests every week or so—and we're glad because they are really a part of the Summit Scene.

At the service station the road takes off for Ice Lakes and the Cedars—as you well know. And down this stretch we find Lee and June Forster who live in a luxurious trailer—next to their Soda Springs Skate and Ski Shop. And Eli and Carol Carder who bought all of Carl and Pic' Bueks holdings. Think Eli married Carol since we last wrote you a letter—and the issue of that marriage is a darling young Miss Carder. And we are presuming that you know of the death of Carl Buek.

Then, of course, on our travel southward down this old county road where we skirt the dam of Lake Van Norden, we look at the Soda Springs Ski Hill still owned by Max Williamson, Sherman Reams and Al Kelly—and wonder how all those rocks and trees can be covered deeply enough to form a ski terrain in the winter months. And think sadly of the passing of quiet, gentle Mary Williamson in the late spring.

And then on to Ice Lakes whose bewitching name was changed to Sierra Lakes and quite in a modern, legal manner. For Ice Lakes—pardon us—Sierra Lakes echoes to the blasts of the Valley Construction Company as the earth is torn and lacerated for such things as a sewage disposal plant, "city streets," plans for golf courses, ski hills—and the works. And who are we to say "what are they doing to our mountains?" Time marchs forward and if we have loved it—as it was, do we dare say that the invasion of time can make us love it less? So we'll leave Ice Lakes to the machine and travel further into the Cedars. Meet Jessie and Roy Thompson again. Yep, still there a superintending and a managing and a caretaking — and still hale and hearty. And muchly a part of the Summit Scene.

And we do hear another rumor. Only 17 miles down this said county road to the first big dam of that waterway that will spill itself down the beautiful American River Gorge finishing its spill in Auburn. And will there be 17 miles of paved road for the equipment for the making of this first dam site going through our country and the Ice Lakes and the Cedar Country, too? To lead to a place where water skiing and fishing and another recreational area will help the landslide that is bound to hit us now that we are "accessible."

Well—never mind the speculation — we'll travel back to Forty and tell you that Ruby and Bob Allen still have their cabin—still take their vacation in deer season—and, naturally, are our good neighbors 'til Ruby gets her buck. (Still the mountain "Diana"). And Eleanor and Johnny Johansen are still living back of their summer flower beds. And Irene and Frank Bourdet and Madylon, Starr and Bud Walton still have their cabin in the Soda Springs subdivision—and Marie Strickland lives on her little hill with young son Billy whilst Bob — the eldest is somewhere on the Czech border. And Bud and Barbara Zorich and Debby and Tommy can be seen running out of the post office with arm loads of packages — which means a beautiful display in their unique ski shop this coming white gold season.

And the Marin Ski Club build themselves a building that simply must cover their entire lot — so huge is it.

And the post office is still being run by Art Couillard—18 years a postmaster and his wife (me) manages the Soda Springs Lodge for its young owners, Bill and Dot Cannon. And Elmo Moriano still reigns at Beacon Hill Lodge and at this writing entertains his mother and dad from Sonoma County. And, incidentally, sometime since our last letter—Elmo sold his trailer court to a couple by the name of Perkins who have put in a new Donner Trail Grocery—filled up the trailer court with trailers — and have become part and parcel of the community. And the Sherritts live in their home across the street from the grocery store. We are sorry to say that Jim Sherritt isn't feeling too good at this time and is in San Francisco for treatments. And then there's the old burned down place that used to be Secco's Crest Lodge which looks like a "boom town" for this is the working out place of the Guy Atkinson Company who bulldozes down the mountains to make that "accessible" road that is linking us closer and closer to the centers of population. And Max Williamson lives in the Swiss chalet type of place down by the Yuba River on this side of Donner Summit Lodge.

And remember Harry Pratt? Well, he sold his garage to a charming couple by the name of Vander Grift who have a new baby.

And we are only going as far as Donner Summit Lodge at this writing. And it has been sold. Big party coming off there shortly to wish out-going Henrietta and George Gangler much luck on their new venture when they become one of the "past owners" of good old D. S. L.

And if you would like us to continue our saga—bring in your news and we'll see that it gets "writ up."

SUMMONS

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the Complaint filed in the office of the County Clerk of said County.

BERLINER & WETHERALL, Nevada, City, California, attorneys for Plaintiffs,

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

PACIFIC IMPROVEMENT COMPANY, a corporation, J. F. MOODY, W. RICHARDSON, T. B. WHITNEY, WARREN RICHARDSON and JOHN F. MOODY, JR., as Co-Executors of the Last Will of JOHN F. MOODY, deceased, SARA M. RICHARDSON, WARREN V. RICAHRDSON, GEORGE RICHARDSON, RAYMOND R. RICHARDSON, JAMES A. SHERRITT, DOROTHY SHERRITT LINN, JAMES MUIR, GEORGE L. ANDRUS, S. FRASER, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto", defendants.

YOU ARE HEREBY DIRECTED TO APPEAR AND ANSWER the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of Nevada, within ten (10) days after service on you of this Summons, if served within said County, or within thirty (30) days, if served elsewhere.

The object of said action is to require said Defendants to set forth the nature of their claim or claims, if any they have, to the real property described in said Complaint and hereinafter described, and to obtain a final judgment of said Court quieting the title of Plaintiffs to said real property and every part thereof, adjudging the claim or claims of said Defendants to be null and void, and adjudging Plaintiffs to be the owners of said real property and every part thereof in fee simple absolute.

Said real property is situate in the County of Nevada, State of California, and is particularly described as follows:

Parcel No. 1: Lots 6 and 7, and the East 2 feet and 2 inches of Lot 8 on the North side of Main Street East, in the Town of Truckee, County of Nevada, State of California, as per official map or plat of said Town of Truckee on file in the office of the County Recorder of said Nevada County.

Parcel No. 2: Lots 11, 12, 13, 14, 15 and the East 5 feet of Lot 16, on the North side of Main Street East, as said lots are designated upon the Official Map of the Town of Truckee, filed in the office of the County Recorder of the said County of Nevada, July 15, 1890.

Parcel No. 3: The West 20 feet of Lot 16, and all of Lots 17 and 18 fronting 33 feet on the North side of Main Street East, as said lots are designated upon the official map of the Town of Truckee, filed in the office of the County Recorder of the said County of Nevada, July 15, 1890.

AND YOU ARE HEREBY NOTIFIED that unless you appear and answer as above required, the said Plaintiffs will take judgment for any money or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Witness my hand and the seal of the Superior Court of the State of California in and for the County of Nevada this 16th day of August, 1960.

The importance of distinguishing between sound and unsound thoughts will be brought out at Christian Science services Sunday.
Scriptural readings in the lesson-sermon entitled "unreality" will include these verses from Psalm 119: "I hate vain thoughts: but they law do I love . . . Thy righteousness is an everlasting righteousness, and thy law is the truth."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 288): "The suppositional warfare between truth and error is only the mental conflict between the evidence of the spiritual senses and the testimony of the material senses, and this warfare between the Spirit and flesh will settle all questions through faith in and the understanding of divine love."

TNT TIDINGS

By Jack Sigesmund

JUNIOR STATESMAN ACTIVITIES STEW AT T.N.T.

During this last summer, four members of TNT attended the Junior Statesmen summer school at the University of California on the Berkeley campus. Al Eberhart, Sandy Fellows, Carl Ballinger and Margy Mandeville attended the session to learn more about our government's democratic system and gain experience for starting a Junior Statesman chapter at TNT this school year.

Early meetings are already planned to begin participation in Junior Statesman. These meetings will be of a general nature. Regular legislative sessions will eventually be held once a month.

These legislative sessions will serve as an opportunity for our chapter members to develop a resolution stating objections concerning our local government and its policies. It is hoped that these planned meetings will prepare some of our students to take over the reins of our local government for one day some time in the near future.

FORENSICS PREPARATIONS DEVELOPING

TNT will again enter the Nevada Forensic Tournament this coming spring.

In order to win the revolving trophy, a high school must enter all fields of competition. Therefore, TNT will enter the divisions of one-act play and debating to complete its competing team. The general topic to be debated this year is "Federal Aid to Education."

Plans are now in full swing to ready a winning team. Serving as a pep pill are the trophies won at last year's tournament.

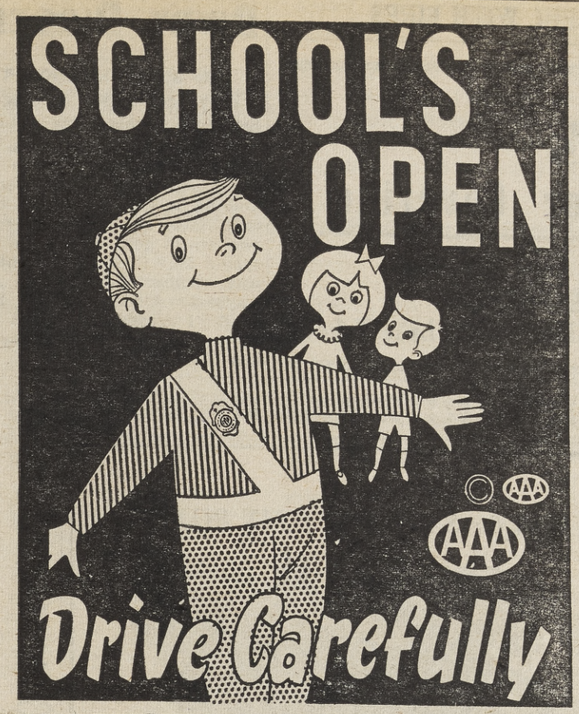
U. S. COAST GUARD DOCKS AT TNT

Lt. William W. Thurmond, a representative of the United States Coast Guard, conducted a lecture on September 22, for all eligible junior and senior boys on the advantages of attending the U. S. Coast Guard Academy.

A film was shown and Lt. Thurmond gave his speech on the benefits of combining military training and university-level education.

As the assembly was concluded, application forms for attending the academy, brochures on the academy's 1962 program, and qualification sheets were passed out to those who were interested in the program being offered. The application deadline is set for January 10, 1962.

Lt. Thurmond's visit received extensive response from our male students. It is hoped that our male population will take a genuine interest in military - educational training.



LAND USE PERMIT

LAND USE PERMIT TO CONSTRUCT AND OPERATE A 9-UNIT MOTEL

Notice is hereby given that the Nevada County Planning Commission will hold a public hearing on October 9, 1961, at 7:30 P. M., in the Supervisors Chambers, Court House, Nevada City, California, concerning the application of Mr. Harry A. Weiler to construct and operate a nine (9) unit motel on Lots 17 and 18, Block A, of Donner Pines Tract Extension, on the west side of Highway 40 — said property being situated in an R-2 zoning district.

DIVOT-DIGGERS

By BETTY KIELHOFER

With deer season arriving last Saturday morning, my emotions were very mixed on sports. We bagged two for four which were pretty good odds. I think perhaps hunting is the only sport that could make my interest wane temporarily in golf and this is as it should be. Change of interest with change of season . . . or maybe I'm kidding myself. Know why? I played my match with Norma Russell last Thursday and was thoroughly 'battered' . . . (as if I hadn't expected it). Anyway, now she goes on to play Mike Ellis, who has won two matches also, and the winner will be the first lady champion on the Shadow Valley golf course, reigning for one full year. It's a very exciting honor in the world of golf. Good luck to both girls . . . In the first flight, Vina Clepper played and won her match on Sunday from Rita Vail. Mike Popovich won from Elden Tonini on Saturday and Jack Ellis on Sunday in the men's championship flight . . . I understand there is only one more match to be played in the junior tournament, this being between Randy Russell and Mike Moore. One of these will be champ among the youngsters and will be presented with the coveted trophy. There weren't too many juniors this first year but I'm certain if the school gets the golf program started that they have anticipated, we will see this contest growing bigger and bigger each year . . . thank you, Virginia O'Bear for the nice things you said in Donner Doings last issue. Anyone feeling the golf course is an asset to the area can have my gold watch and chain. It may take two or three years but I definitely feel now more than ever, it will prove itself worthy . . . we in Truckee are very fond of your column, too and feel from its inception it has done more to make Truckee aware of Donner and bring them closer together than any other single item. The only separation of the two should be strictly geographic. Keep up the good work . . . GOLF ETIQUETTE . . . is a MUST on any course, especially when it's crowded. Check with the pro on all the rules pertaining to this subject and also on rules concerning carts, cars and divots, which must be enforced to keep our course green and in good shape. These are all VERY important.— Barak Wright dropped by to say the Shirts and Skirts are starting their winter bowling league next Friday night. Another golfer heading for his favorite winter sport . . . Don't forget to attend the Country Club meeting at the club house next Monday evening at 8:00 . . . plans will be formulated for our first annual dinner-dance for all club members and their guests. Trophies will be awarded at that affair to the winning golfers BUT, the party is for, I repeat, ALL members and should be a rousing affair. We'll have to pick the night for sometime in late October and the location that will be most suitable for everyone . . . DON'T MISS THIS ONE. — 'I'LL BELIEVE IT WHEN I SEE IT' dep't.: Nace Firpo, John Moretta and Charlie Cozzi standing in a tight circle in front of Cabona's making big plans for a golf match next Sunday, each one trying to convince the other and passers-by that they would 'be there.' This match would run Khruschev right off the front pages, but as I said, 'seeing is believing'. Well, boys?

MISSIONARY AID IS SOUGHT BY CHURCH

Mrs. Fosten Wilson as chairman of Mission of the Church of the Mountains in Truckee sent a letter to Harold T. Johnson, representative in congress for this area, enlisting his aid to free four Methodist missionaries believed to have been imprisoned in Portugal.

The membership of the local church requests Representative Johnson to help in freeing the churchmen in any peaceful way.

NO FUND AVAILABLE FOR AIRPORT ROAD

AUBURN — County supervisors were unable to find enough money to pay for its share of an access road to be constructed to the proposed Tahoe-Truckee Airport. By unanimous vote, board members decided to postpone the matter until spring.

Following the snow removal season, supervisors will again try to find $10,000 as Placer's portion of the $20,000 road project. Nevada County has allocated $10,000 for the project, but the Placer board received its request after final adoption of the budget.

The bark of the Douglas fir is dark grayish-brown, deeply furrowed.

RADIO MAN INDICTED ON THEFT CHARGES

NEVADA CITY—At a special session the Nevada County Grand Jury indicted William Robert DeWire of Truckee on a charge of grand theft in the amount of $948.47.

Nevada County District Attorney Harold Berliner and Assistant District Attorney Harry Wolters presented evidence that DeWire was an employe of a radio station in Truckee with the right to open mail and deposit checks in the station's bank account.

The station owner, Robert Sherman ,testified that in the month of June, without his knowledge or permission, DeWire opened a second bank account in the station's name with himself named as owner. Berliner produced this evidence showing that DeWire then deposited checks in this second account and also withdrew them while sending false deposit slips to Sherman making Sherman believe the checks were being placed in the station's real account.

Sherman said when he got his bank statement he discovered the money was missing, and he talked to DeWire about it. At this point DeWire fled, taking with him a large part of the station's financial records. He was picked up by San Diego officials several weeks ago on a separate check charge and returned to Nevada County.

Berliner said he is also wanted by Nevada authorities and authorities in San Diego County and Los Angeles County.

LOCAL STUDENT TO SHARE IN BANK PLAN

Truckee schools this week share in an historic occasion: the Golden Jubilee of Bank of America's school savings program founded in California by A. P. Giannini in 1911.

In honor of the 50th anniversary, Governor Edmund G. Brown in a formal declaration commended the program and said:

"I urge California to join in observing September as School Savings Month."

The first school savings accounts in the Truckee area were opened at Bank of America here in the autumn of 1929, when W. M. Englehart, trustee, representing the school district, invited the bank to conduct the program in the local schools.

Since that date the program has grown, until there are now 677 school savings accounts in the Truckee area.

The first account in Bank of America's statewide program, which now serves 4,727 schools, was opened 50 years ago in San Francisco by Maxwell P. Williams, then a student at the John Swett School, who still carries his original account.

Now here—a great new exclusive from Buick

ADVANCED THRUST

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind wander" and road sway • It sweeps you forward in a hush of luxury • It turns the floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-8 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its ¾-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider. Winds don't make you wander. It's going at its Buick best!

BANK EXTENDS ITS LAKE TAHOE SERVICE

The Tahoe City branch of Bank of America will extend its daily banking hours from 10 a. m. to 3 p. m., Monday through Friday throughout the coming winter season, William F. Keller, manager of the Truckee branch and supervistor of the Tahoe City office, announced this week.

Last year the branch remained open from noon to 3 p. m. daily, during fall, winter and early spring months.

Keller said experience from the branch's year-round operations of the last two years and increasing activity in the area indicate that regular banking hours should be maintained during the snow season.

Traffic Continues To Be Heavy Here

Although there was a slight decrease in the number of vehicles entering California through the Truckee quarantine stations during August as compared to July, the local stations still maintained a strong first place among the 18 border checking points.

The monthly report from the department of agriculture showed 146,223 cars, 5,212 trucks and 1,124 buses were checked with a passenger count of 450,447.

Truckee was followed by Yermo which reported 117,515 cars and Meyers with 62,310.

SACRAMENTO—(CNS)—Traffic passing California's 18 border quarantine checking stations during August showed a healthy increase over the same month of last year, with 2,202,441 persons passing the stations.

This was a gain of some 21 per cent from the 1,815,868 persons recorded as passing the checking stations in August, 1960. There were 429,908 California registered vehicles, 298,642 out-of-state cars, 36,143 trucks and 5,406 buses. During August of 1960, there were 350,669 California cars, 260,785 from out of state, 35,388 trucks and 5,232 buses.

The new Truckee station topped all others in passenger and vehicle volume with a high total of 450,447 persons in 146,223 automobiles and 1,124 buses. It was followed by Yermo and Blythe.

Back From Alaska—

Mr. and Mrs. Charles Osburn returned last week from a two weeks visit in Alaska. They made the trip by jet plane.

CONTINUED CAUTION WITH FIRES URGED

Tahoe National Forest Supervisor Henry Branagh reports that only one hunter caused fire occurred on the forest over the opening weekend of the hunting season. This fire in the Weber Lake area was caused by a smoker and was held to spot fire size by prompt suppression action.

All Tahoe Forest employes, including timber, range, and engineering personnel, worked on fire revention assignments over the weekend. An effort was made to contact all hunters with a fire prevention message either at checking stations or in hunting camps. The patrolmen reported a total of 38 violations of fire laws in the two day period on the Tahoe National Forest.

Supervisor Branagh requests that all hunters continue to use extreme care in preventing forest fires. Fire danger is increasing again and forest fuels are extremely dry. The following rules should be followed in the woods at all times during the fire season:

1-. Obtain a camp fire permit or written permission from the land owner for all fires whether in the open, in the campground or for a portable stove.

2. In all cases, before starting a fire clear a circle 10 feet in diameter down to mineral soil—start the fire in the center of the circle.

3. Never leave a fire unattended. Citations will be issued if such happens.

4. Put all fires dead out. Use water and stir the coals thoroughly. A fire is not out unless one can put their bare hands in the coals.

5. Smoking is permitted only in places of habitation, campsites (with properly cleared area), inside vehicles and in areas where the soil has been cleared to mineral soil of at least 3 feet in diameter.

6. Throwing burning materials (cigarette butts) or other debris from a vehicle is prohibited by law—use your ash tray and litter bag.

7. No tracer bullets. Their possession, as well as use, is prohibited by law.

8. Do not carry a loaded rifle in a vehicle.

9. All lands posted with "No Trespassing" signs should be avoided. These are not National Forest lands — rather privately owned lands inside the forest boundary.

10. Be a good citizen, be considerate of others, be sure it is safe to pull the trigger and BE CAREFUL WITH FIRE.

EMERALD HEARING

(Continued from Page 1)

meeting, present their views, ask questions, and offer any pertinent information they may possess concerning the proposal.

The section of SSR 89 to come under discussion extends from Tallac Creek to a point one-half mile north of Bliss State Park. Tallac Creek is about five miles north of Tahoe Valley.

The existing road runs around and above Emerald Bay, and due to rock and snow slides is closed for a long period almost every winter. The future expressway would be built as an all-year all-weather highway.

One alternate would generally follow the present alignment utilizing tunnels and snow sheds to bypass slide areas. The other would follow an entirely new alignment mostly along the lake's shore line and across the mouth of Emerald Bay over a low-level bridge.

Statements at the meeting may be given orally or filed as written documents. All proceedings will be incorporated into a report which will be sent to State Highway Engineer J. C. Womack for study. Womack will submit the report and his recommendation for the routing to the highway commission which, after further study, will move toward formal adoption of the new route.

Lunardi made the suggestion in a letter to the assembly rules committee.

SQUAW VALLEY HOME GIVEN HIGH HONORS

SQUAW VALLEY — An honor award was given to a Squaw Valley home by Sunset Magazine in the October issue. The jury praised the timeless quality of design and uncluttered, sturdy effect. The artichtect is Henrik Bull, for Peter Klaussen, Will Brown, Stanley and James Baldwin, builders.

Among the special awards for remodeled houses included a custom design with George Rockrise of Squaw Valley and San Francisco, with Robert C. Mountjoy, J. Matthew Myers named as architects.

NEW TRIAL DENIED IN SKI ACCIDENT CASE

Barbara Houser, who lost in her bid to collect damages from Donner Tramways, Inc. for injuries sustained during a skiing accident in 1957, has been denied a motion for a new trial.

Miss Houser's motion was turned down by Judge Vernon Stoll in Nevada County Superior Court, last Friday.

On July 28, 1961, a jury brought in a 9-3 verdict that Donner Tramways, Inc. and Anthony Richter, owner of the operation at the time, were not responsible for the accident in which a ski chair caught in Miss Houser's parka, carried her into the air and then dropped her to the ground.

She had asked damages amounting to $200,000 for injuries suffered in the accident.

OOPS---IT'S STARTING TO RAIN

OH-OH---I DON'T KNOW HOW TO PUT THE TOP UP

I'LL HURRY HOME AND RUN IT RIGHT INTO THE GARAGE SO I WON'T RUIN THIS EXPENSIVE UPHOLSTERY

OH, DEAR---OF ALL DAYS---EVERYBODY IN THE NEIGHBORHOOD---

---DECIDED TO RETURN ALL THE TOOLS I LOANED THEM THIS SEASON

PA, YOU'LL HAVE TO HELP ME... I CAN'T GET THE CAR STARTED AGAIN!

IT NEVER GIVES ME ANY TROUBLE!

JUST REMEMBER TO PUMP THE THROTTLE THREE TIMES BEFORE YOU TURN THE KEY ON!

PRRRRR

OKAY! I PUMP THE THROTTLE THREE TIMES!

THEN, AFTER IT CATCHES, DON'T GIVE IT TOO MUCH GAS OR YOU'LL FLOOD IT!

I'LL TRY TO REMEMBER, BUT IT TAKES A MAN TO REALLY UNDERSTAND THESE MECHANICAL THINGS!

I GUESS IT *IS* ABOUT TIME TO GET A NEW SET OF SPARK PLUGS.....BUT ELLA WON'T HAVE ANY TROUBLE IF SHE REMEMBERS WHAT I TOLD HER!

BEEP! BEEP!

OGEEGOSH! IT'S *STALLED AGAIN!*

SPUTTER SPUT

BEEP! BEEP!

LET'S SEE... PUMP THE KEY THREE TIMES... THEN FLOOD TH.... NO... NO! DARN IT! THAT HONKING HAS ME ALL CONFUSED!

LOOK, MISTER, I'LL MAKE A DEAL WITH YOU.... YOU *START* MY CAR FOR *ME*... AND *I'LL* LEAN ON *YOUR HORN* FOR *YOU!*

Tarzan

by Edgar Rice Burroughs

THE LITTLE BANTIS ONLY FRIGHTENED YOU--***SPEECHLESS***. I--THE TARZAN YOU TRIED TO IMPERSONATE--HAVE OTHER PLANS FOR YOU!

IF YOU'D TOLD ANY OTHER AFRICAN TRIBE YOU WERE TARZAN THEY'D HAVE ***LAUGHED*** AT YOU!

BILL ELLIOTT
JOHN CELARDO

A HUNDRED AFRICAN TRIBES KNOW ME. ANOTHER HUNDRED KNOW MY NAME! YOU PICKED THE ONLY TRIBE YOU COULD FOOL--BY YELLING "***ME, TAR-ZAN!***"

ONLY THE ISOLATED, IGNORANT BANTI PYGMIES WOULD HAVE BELIEVED YOUR LIE! THEY FOUND YOU DYING IN THEIR FOREST--WITH A DEAD APE IN YOUR ARMS. SO THEY HAD REASON FOR THINKING YOU AN APE-MAN. THEY BUILT A TREEHOUSE FOR YOU IN THEIR VILLAGE--FED YOU THE ***RAW*** MEAT YOU DEMANDED....

WHEN A BANTI SAFARI TOLD ME THEY HAD AN APE-MAN IN THEIR VILLAGE--WHO LIVED IN A TREE, SPOKE NOT THE WORDS OF A MAN BUT WITH THE ROARS OF A GREAT APE--I HASTENED TO BANTI VILLAGE....

FROM THE TREETOPS I WATCHED YOU TRYING TO EAT THE RAW LEG OF A DEER CHIEF CHA HAD KILLED FOR YOU--HEARD YOU YELL YOUR LIE DOWN TO THEM, FROM YOUR TREEHOUSE..."***ME, TAR-ZAN!***"

I... AH....

I... AH... DON'T HURT ME, TARZAN! YOU... AH... MY ***HERO!*** BUT I... AH.. DIDN'T KNOW YOU WERE ***REAL!*** THOUGHT YOU JUST A LEGEND! I... AH.. TRIED TO LIVE IN JUNGLE... LIKE ***STORY TARZAN!*** I AH... :...

HI, LARRY! LET'S HAVE A CONTEST!

OKAY, LENNY! HOW'S ***THIS?***

POP!

NOT BAD! NOW WATCH ***ME!***

OOF!

NIFTY! BUT GIMME LAST LICKS!... WAIT, NOW...

UGH!

MAN! WE'RE THE ***CHAMPS***, EH, LARRY?

R-R-UMBLE!

YOU SAID IT, BOY! THE ***MOST!*** THE ***GREATEST!*** THE...

OH-OH! WHAT'S ***THAT?***

KA-RASH!

Y-YOU AND YOUR BIG M-MOUTH!

AW, WHO STARTED B-BOASTING, ANYWAY?

VELL, SO MUCH FOR VATCHING LIGHTNING BUGS!

BR-R-OOOM!

YEAH, HOME SVEET HOME BEFORE COMES A SOAKING!

I PROMISED YOU THAT TODAY WE'D DISCUSS WHAT YOU'D LIKE TO DO WHEN YOU GROW UP.

I WANT TO BE A THSKIN DIVER!

HE SURE HAS ENOUGH SKIN TO BE ONE.

AND WHAT WOULD YOU LIKE TO BE, PAT?

I'M GOING TO BE AN ENGINEER, LIKE GRAMP, AND RUN A TRAIN FROM HERE AROUND THE WHOLE WORLD!

THAT ISN'T POSSIBLE - THERE'S TOO MUCH WATER. YOU'LL HAFTA BE A FLYER TO DO THAT.

NO, SIR! I LIKE TRAINS - SO WE'LL BUILD BRIDGES OVER THE WATER.

AND WHAT DO SOME OF YOU GIRLS WANT TO DO?

I WANT TO BE A MOTHER.

HOW ABOUT YOU, PENNY? WHAT WILL **YOU** DO WHEN YOU GROW UP TO BE A GREAT BIG GIRL LIKE **I** AM?

I'LL **REDUCE**!
